London Fire Brigade Advice and Support

There are steps we can take to make sure our home, or the home of someone we care for, is safe from fire. The London Fire Brigade have developed a simple tool that allows you to carry out a thorough check of your home in only a few minutes. It's simple and practical, giving you specific advice for your family and your home.

Home Fire Safety Checker tool:

If the result recommends that a Home Fire Safety Visit is required, the service can be booked by parents/carers to their home and will be carried out either by Firefighters from the closest local fire station or by Community Safety Officers from London Fire Brigade. They will provide fire safety advice to the adults and children in the home and fit smoke alarms where needed. The visits and smoke alarms are completely free of charge.
