SEND Sports Morning – 'New Age Curling'

On Thursday 1st February, we were visited by some children from four local schools for a morning of a special new sport - 'New Age Curling'.
All the children had a great time learning the techniques of playing this fantastic sport as you can see from the photos below.
These SEND sports mornings are supported by the Canary Wharf Group and our thanks go to them again.

Mathematics in Year 4

Year 4 investigated the perimeter and area of rectangular shaped objects, such as the shed, bench, football cage, in the playground.

They used trundle wheels and metre sticks to measure the length and width of each object and used their measurements to find the area and perimeter of each.

Year 5 Trip to London Zoo

Year 5 have been studying different animals' life cycles in Science so visited the zoo at the end of the unit to experience the different animals we had studied.

Teddy Bear's Picnic

In literacy we have been reading the book 'The Teddy Bears Picnic'.

This week in reception, we had our own teddy bears picnic in our classroom. We made some delicious sandwiches and brought our favourite teddy bear or toy to join us. Our families provided lots of other lovely snacks like fruit and yoghurt to help make our picnic special.

Sara: I liked the teddy bears picnic because I ate a cheese sandwich.

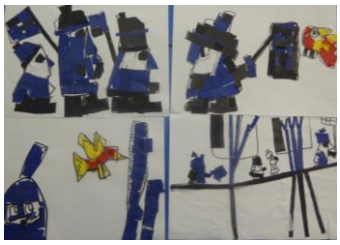
Adyan: I liked my sandwich because it had cucumber in it.

Maryam: The picnic was fun and it made me laugh.

Yusra: I liked the picnic because we had some food then I played with Fahmida and our ponies and dolls.

Year 1 Sharing Assembly

Year 1 shared the work they have been doing based on the book 'Ssh! We have a plan' by Chris Haughton.



We listened to the beginning of the sequel's children have written to the book, saw their collages of the characters and learnt about the work of the artist Mondrian

Collaboration: *Ambrose* He is a happy and positive member of the class. He can settle disagreements quickly and efficiently.

Leadership: *Mariam* She uses her initiative and is very organised and helpful. She is very good at managing members in her group especially in PE.

Achievement: *Shakiba* She has worked really hard in all areas but particularly for her writing. Her stories are interesting and engaging and she has made immense progress in phonics, which she can apply confidently in her work.

Creativity: *Nusaybah* She is a very imaginative person and this comes across strongly in her writing and her art work. She takes great care and pride in her work.

Inspiration: *Isa* He has really impressed everyone with his boost in confidence across all areas of the curriculum but especially during carpet time, becoming more comfortable with sharing his ideas with the class.

Key Dates
